CLASSIFICAÇÃO DE FORMAS 2D

Instruções: Desenhe uma linha para combinar as formas com seus contornos:

A central 3x3 grid of colored outlines for shape matching. The grid is bordered by a purple top line, a green left line, a blue right line, and a red bottom line. The shapes inside the grid are:

- Row 1: Red star, Yellow diamond, Yellow circle
- Row 2: Blue heart, Teal triangle, Green square
- Row 3: Purple rectangle, Purple pentagon, Pink oval

Surrounding the grid are various solid-colored shapes for matching:

- Top row: Pink oval, Green square, Blue heart
- Left side: Purple rectangle, Yellow circle
- Right side: Yellow parallelogram, Red star
- Bottom row: Teal triangle, Purple pentagon, Blue heart, Pink oval, Yellow circle

ATIVIDADES DE FORMA 2D

Abaixo estão algumas atividades adicionais que você pode fazer com seus alunos para apresentá-los às formas 2D:

- Faça uma caçada em sua escola para identificar formas 2D no ambiente
- Modele formas 2D usando materiais como argila, palitos, lápis, etc.
- Crie formas usando os corpos dos alunos
- Use um dispositivo eletrônico para tirar fotos de formas 2D na sala de aula
- Conte histórias sobre as formas geométricas.
- Divida a turma em grupos para pesquisar todos os atributos de uma forma e relate à turma
- Jogue os dados e peça aos alunos que desenhem uma forma com o número de lados em que o dado cai
- A turma coleta uma variedade de formas 2D de dentro da sala de aula e classifica de acordo com seus atributos
